## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The tax bills are out and several people have called on the telephone and stopped at the office regarding their tax bills. Most of the contacts have been in the form of questions regarding what is included under a certain part of the bill. Most of the taxpayers who have paid their bill were not surprised at the size of the bill but were concerned about the future.

The assessment figures have been totaled for the Bureau of Taxation. The total residential real estate and personal property increased by \$61,292.00 while the total non-residential real estate and personal property decreased by \$103,255.00 making a net decrease of \$41,963.00 in taxable property.

The school department requested that I caution dog owners about their dogs gathering and fighting on the school grounds. At one time this week, some dogs got in to the basement of one of the schools and starting fighting among a group of small children. A child could be seriously injured by these fighting dogs.

The town started work on the Town Road Improvement for this year on the Flat Road. Upon completion of our work the crew will rebuild a section of road in Mason Township for the county. These two jobs should keep the crew busy until stockpiling of the winter sand starts next month.

## BETHEL SUPT. EXPLAINS SCHOOL ORGANIZATION

Superintendent of Schools Hamilton R. Bailey has released the following statement, relative to the organization of the Bethel schools for this school year:

Bethel has four elementary schools in operation, the Crescent Park School: grades 3, one classroom; 4, two classrooms; 5, three classrooms; 6, two classrooms; 7, two classrooms; 8, two classrooms. The Ethel Bisbee School: grades Sub-Primary, one classroom; 1, two classrooms; 2, two classrooms; 3, one classroom; one special classroom, and one remedial classroom. The East Bethel School, Sub Primary through grade 3; and the West Bethel School, Sub Primary through grade 3.

This involves a total of 594 elementary pupils and 24 teachers.

In order to further strengthen the educational program offered to the boys and girls of Bethel, and to enable them to become better prepared for work at the secondary level, a greater degree of co-ordination appeared to be necessary throughout the elementary schools.

When a vacancy occurred in the principalship of the Ethel Bisbee School, the superintendent recommended that this position be combined with the principalship at Crescent Park School.

To accomplish this, it was necessary to relieve Mr. Heino from teaching two classes and add the administration and supervision of the eight classrooms in the Ethel Bisbee School to his schedule. He will, also, have supervision of purposes of co-ordination of the work in the East Bethel and West Bethel Schools.

This arrangement will provide much closer supervision of all teachers and classes in the entire elementary school system, than could possibly be accomplished under the arrangement of teacher-principal. It will also provide for closer co-operation with parents, and for periodic teacher-parent conferences.

A strong continuous educational program is being developed from Sub-Primary through Grade eight with particular emphasis upon meeting the standards now necessary for successful secondary school work.

Charles Heino received his Bachelor Degree from the University of Maine in June and

Mr. and Mrs. Walter Bond; Mr. and Mrs. William Carey and family; Mr. and Mrs. Edward McDonald and family; Wayne Haines.

They also received many telephone calls.

## CHAMBER OF COMMERCE TO MEET

The first fall meeting of the Chamber of Commerce will be held on Tuesday, October 8. Notice of place and details of the meeting will be mailed by the secretary at a later date.

This is an important meeting which all Chamber members should attend.

At the last Spring meeting, a committee on revision was authorized to make a study and bring in recommendations for a revamping of Chamber procedures that would make it more capable of doing the work a Chamber of Commerce should be doing for its area.

The committee has been meeting regularly for the past two months and has drafted some important proposals which all Chamber members should be ready to consider.

All Chamber members are requested to mark the date of October 8 for attention.

## BETHEL PLAYERS HOLD TRY-OUTS FOR PLAY

Bethel Players held try-outs for their coming production, "You Can't Take It With You," scheduled for November 22 and 23, at a meeting held at the home of Barbara Bryant on Monday evening.

Approximately 20 persons were present, some of whom were new members, to read the play. It was felt that when properly cast, this play should be one of the most hilarious ever presented in Bethel.

Several of the important women's and men's parts were cast, but there is a dire need for more male volunteers to try out. The entire cast calls for 12 men and seven women.

Anyone interested in trying for a part should contact Ethel Robertson, president of the Bethel Players.

## BETHEL TAXPAYERS RECEIVE 1963 BILLS

The mail this week brought taxpayers of Bethel notification of their 1963 indebtedness to the town. The bills reflected an increase of \$150 per \$1,000 of valuation over 1962 figures.

A strong continuous educational program is being developed from Sub-Primary through Grade eight with particular emphasis upon meeting the standards now necessary for successful secondary school work.

**4-H MEMBERS FOCUS ON CITIZENSHIP**

**Spur Drive  
For Informed  
Young Citizens**

In an open letter to 4-H Club members throughout the nation, President Kennedy said, "... today, a citizenry of all ages—informed and in action—is more important than ever to the strength and welfare of our nation."

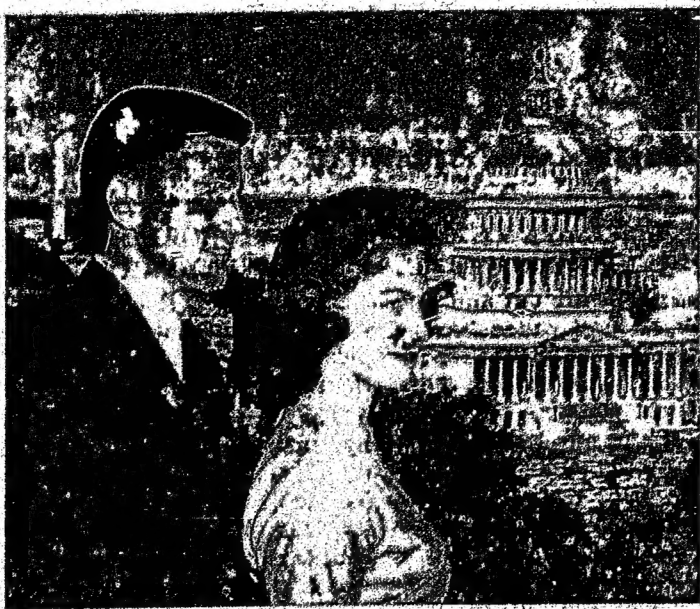

And to be well informed and active citizens of the U.S. is the prime objective of 2.3 million 4-H Club boys and girls. Their theme for the year, "Citizenship in Action" was launched last November during the National 4-H Club Congress at Chicago.

Nearly an entire day was given to a general discussion of what constitutes citizenship in this age of cold wars, exploration of outer space, communication satellites and the like.

Being well informed on social, political and economic issues was the foremost qualification for citizenship stated during the session. Education, understanding and a willingness to assume responsibility also were considered prime requisites for intelligent and effective citizenship.

The two young people shown in the photograph are examples of vigorous, purposeful American citizens. Jacky Strickland, 20, is a student at the University of Florida and 1962 winner of a national 4-H leadership award. Miss Emily Jean Thomas, 19, is a national winner of the 4-H achievement award and a student at Radford College, Virginia. Both received \$400 scholarships.

These 4-H Club members have a long record of initiative, service and dependability. They are

Jacky Strickland and Miss Emily Jean Thomas

well informed citizens active in school, community and public affairs. They have thousands of counterparts in their home states—products of 4-H training and environment.

At a recent 4-H meeting, citizenship was defined as "the tending process of education." This concept ties in to the "learn-by-doing" method applied to all 4-H projects and activities. During a 4-H Club membership that could span as much as 11 years, members steadily add to their knowledge and improve their skills.

Along the way, individual enterprise is recognized and rewarded. Educational trips, special training courses and college scholarships are among the awards.

These 4-H extras have been provided for more than four decades by leading business firms through arrangements made with the National 4-H Service Committee and the Co-

operative Extension Service. This year nearly \$150,000 in scholarships will be awarded to current and former 4-H Club members by some 50 donors.

Among these private business and educational enterprises are: Ford Motor Co. Fund, International Harvester Co., Firestone Tire & Rubber Co., E. I. du Pont de Nemours & Co., Inc., Standard Brands Incorporated, Kerr Glass Mfg. Corp., Coats & Clark Inc., Oliver Corporation, Carnation Company, Simplicity Pattern Co. Inc., Westinghouse Educational Foundation, Hercules Powder Co.

Also, Allied Chemical Corp., Arcadian Products Dept., General Foods Corporation, Allis-Chalmers Mfg. Co., Eli Lilly and Company, Montgomery Ward, John Deere, Sunbeam Corporation, the Sperry and Hutchinson Co., Whirlpool Foundation of the Whirlpool Corporation, Pyrofax Gas Corporation and West Bend Company.

## CAPITOL COMMENTS

CONGRESSMAN

CLIFFORD G. MCINTIRE

MAINE, SECOND DISTRICT

The controversial tax bill has been approved by the House Committee on Ways and Means and the legislation will be before the House of Representatives sometime late in September.

## IN AND ABOUT BETHEL

Miss Carol Young returned Monday to Dean Junior College, Franklin, Mass.

Alan Myette of Newton Center, Mass., was a guest at E. O. Donahue's last week.

Mrs. Alta Meserve went to Portland Sunday to visit Mrs. Steven Hooy and family.

Miss Margaret Nelson, daughter of Rev. and Mrs. Charles Nelson, Broad St., returned today to Springvale, where she is a sophomore at Nason College.

Mr. and Mrs. George P. Stowell, 3rd, and daughters, Rachel and Sandra, are spending this week with her parents, Mr. and Mrs. Alton Luxton, and will return to South Portland on Sunday.

Edmund Smith and Wilbur Myers of Bethel, Milton Mills of Bryant Pond, and Dr. Charles Smith of Dixfield, returned Monday night from a few days spent in the Allagash region.

Peter Bean, five year old son of Mr. and Mrs. Elmer Bean, Jr., returned home Monday from St. Mary's Hospital, Lewiston, after being taken there when he sustained an eye injury while playing Sunday.

Mrs. George Bonhay, Mrs. Wendell Brewster, Mrs. George Taylor and Mrs. Orrell Anderson were among the Western Maine artists who had paintings on exhibition at the Oxford County Fair in Norway last week.

Mr. and Mrs. Eric Wight are parents of a son born at the Rumford Community Hospital on Tuesday evening. Eric is the son of Mr. and Mrs. Daniel Wight of Rumford and the grandson of Mrs. Paul Thurston of Mayville.

Thirty or more students from the Bethel area are attending classes at Woodstock High School this year. The parents of these children are cordially invited to attend the regular meeting of the PTA which will be held on Tuesday, September 24th at 7:30 P. M. in Bryant Pond. Following the meeting there will be a reception for the teachers.

## WEST GREENWOOD

Mrs. P. W. Crockett, Corrales, Mrs. B. L. Harrington and son, Raymond, were overnight guests of Mr. and Mrs. Willie Bartlett at Kennebunk Sept. 6 and they all went to Portland to attend the graduation of their niece, Miss Marie Eva Cummings at Maine Medical Center.

Mrs. Frank Carl of Waterbury and Mrs. Preston Gilpatrick of Limerick were callers at Mr. and Mrs. Stanley Wilson's Wednesday.

Mrs. Dennis Wilson and Douglas and Mrs. Stanley Wilson were in Norway one day last week.

Mrs. Alden Wilson was in Andover and Rumford Friday.

Mrs. Alden Wilson and Terry were in South Paris Saturday.

Mrs. Mildred Wood and sister of Norway called at Mrs. Amy Bunker's, Sunday.

Mr. and Mrs. Robert Bidlon and children of Sweden visited Mr. and Mrs. Leonard Kimball, Saturday.

Mr. and Mrs. Joseph Young and granddaughter of Long Branch, N. J., called at Mr. and Mrs. L. E. Kimball's, Sunday afternoon.

Mr. and Mrs. Stanley Wilson were in Andover, Sunday.

Mr. and Mrs. Clarence Kimball were in Norway, Thursday.

Mr. and Mrs. Arthur Cummings were callers at Alden Wilson's one evening last week.

Mrs. Mervin Beck of Hanover visited her daughter, Mrs. Dennis Wilson Monday of this week.

For the last six months, the Committee has been screening President Kennedy's tax recommendations, and the bill that finally emerged from this Committee is one that reduces taxes for individuals and corporations to the tune of \$11 billion.

A substantial number of legislators feel that tax reductions should—in order to accomplish anything worthwhile—come in company with a specific effort on the part of the Federal Government to cut back on spending. These legislators point out that a tax reduction without curtailed expenditures would only invite a deficit which would further aggravate our national debt. This swollen debt condition would, it is pointed out, reduce confidence in the American currency and cut down on the purchasing power of the dollar bill.

Tax reductions are matters of prime importance for not only do they have an effect on the income position of the individual and of business in our society but on the financial condition of the Federal Government as well. In this respect, it is interesting to note that there is a vast difference in the fiscal climate of today and that which existed when two other tax cuts were effected. For instance, the present tax reduction proposal has come forward against the background of an estimated fiscal 1964 budget deficit of well over \$8 billion—and this is a conservative estimate.

In sharp contrast to this, back in 1947-48 (the 80th Congress),

our Government was operating on a sound fiscal base with the prospect of a substantial surplus. It was the prospect of such a surplus that permitted the \$5 billion tax reduction approved by the Congress in that period.

By the same token, in 1954 (the 83rd Congress), there was another tax reduction of \$7 billion; however, two years prior to that the Congress had effected constructive cut-backs in Government spending, these amounting to approximately \$9 billion.

The current tax measure is receiving the serious attention of the Congress because there is hope that it will prompt some beneficial stimulations for our economy, which presently reflects some rather disturbing conditions—an economic growth factor of only about 4% and a troublesome unemployment rate that persists in hovering around 5%.

Under present fiscal conditions, however, one cannot help be something less than optimistic about the prospects of beneficial results flowing from this proposed tax cut. It must be remembered that our national debt already is well over \$300 billion, with the planned and expected deficits of fiscal 1964 assuring a further increase in this astronomical figure. This raises the serious question of how far a nation can go into debt and still stay in business—or does the Federal Government have some kind of magic formula for financial survival not possessed by individuals and private businesses in our society.

## SEN. MUSKIE REPORTS

The immigration policies of the United States are in urgent need of reform. Present immigration law is inconsistent with the principles of equality as enunciated in our Constitution.

I am the co-sponsor of a bill designed to revise our nation's immigration policies. This bill provides for the equal treatment of all nationalities, eliminates present inequities, recognizes the potential individual contributions that immigrants can make to our country, and encourages the reunification of families.

The bill, which has been endorsed by President Kennedy, would eliminate the present quota system based on race and national origin and substitute a program based on preference for (1) individuals with skills or educational advantages needed in the United States, (2) unmarried sons and daughters of U. S. citizens, and (3) wives, husbands, and children of aliens admitted for permanent U. S. residence. These individuals would be admitted without regard to race or country of origin except that immigration from one

country would be limited to 10% of the number of immigrants permitted in a single year. After all applicants in these preference categories are processed, other applicants would be considered until the quota is filled.

The total number of immigrants permitted to enter the United States under the new program would remain the same, 154,000 each year; however the parents of American citizens would be admitted without reference to quota status. Although 1 1/2 million quota immigrants were authorized during the 1950s, only a million actually entered the United States; however, 1 1/2 million non-quota-immigrants were admitted during the same period. These entered through special legislation and include 750,000 displaced persons, refugees and escapees.

I hope that the proposed bill can be enacted. It is a realistic measure which emphasizes the traditional American values of human dignity and freedom.

## SCHOOL NEWS

The library at Crescent Park School has opened for this year. Miss Varner and Mrs. Lord are in charge of the library with Vicki Brown and Cindy Chapin serving as head librarians.

The teachers and students of the Bethel Bible School would like to welcome the following new students to their school and the school system: Mary Stecker, Michael Stecker, Kenneth Flagg and Warren Sessions. Fire drills were held in all Bethel elementary schools this week. These drills will be continued periodically throughout the school year.

The "No School Signal" will be the same as last year. If there is no school, it will be announced on station WRUM at 6:30 a. m. and 7 o'clock. The Bethel fire department whistle will sound at 7 a. m. with three blasts, repeated once. The Bethel School Committee will meet at Crescent Park School, Monday evening, Sept. 23, at 7:30 p. m.

There will be no school on Sept. 27 for students of school Union 22. On this date a physical Education Workshop will take place at Crescent Park School for all teachers of this Union.

This Workshop is being conducted by the State Department of Education. Instructors for this program will be Dr. Viola Kleindienst, Director of Women's Physical Education at the University of Maine, Miss Jeanette Godwin, Director of Women's Physical Education at Gorham State Teachers College, Quentin Unger, Director of Health and Physical Education of the State Department of Education, and Richmond Roderick, Director of Physical Education at Gould Academy.

The Workshop is being conducted to help teachers plan Physical Education in the classroom, where there are limited facilities.

The National Science Foundation in conjunction with the State Department of Education, Farmington State Teachers College and Gould Academy, is offering three courses in science for elementary teachers. The courses are: Biology, Earth and Space Science and Physical Science.

The courses start Sept. 24th at 4:30 p. m. at Gould Academy. The entire program is free and any elementary teacher in this area who is interested in this program, should contact one of the following instructors: Stephen Jacobs, Physical Science; Wendell Brewster, Biology; Alvin Barth, Earth and Space Science. All three of the instructors are members of the Gould Academy Science Department.

## GOULD ACADEMY

### Two Attend Conference

September 6-8 found Anne Scribner, a junior, and Miss Minot, Home Ec teacher, busy girls as they prepared to leave for the Leadership Conference of FFA at Bryant Pond. It is an annual conference held at the scenic conservation camp. This meeting consisted of national officers, delegates to the annual national convention, state officers, district officers, and their advisors. This year the Gould Academy chapter is proud to have Anne Scribner as State Public Relations Chairman which entails the publication of the Newsletter. While there the girls planned this year's FFA's various activities. Although the girls had little spare time, their results will be beneficial to all FFA'ers.

### Cheerleaders, 1963-1964

Selection of this current school year's cheerleaders has been made. They will be as follows:

Susan Bartash, daughter of Mr. and Mrs. John J. Bartash, Rumford; Ginevra Bean, daughter of Mr. Albert N. Bean, Bethel; Lou Ann Brown, daughter of Mr. and Mrs. Vernon Brown, Bethel; Stephanie Buchanan, daughter of Mr. and Mrs. Lowell Buchanan, Rockport, Mass.; Karen Carswell, daughter of Mr. and Mrs. William K. Carswell, East Boothbay; Susan Crane, daughter of Mr. and Mrs. J. Burleigh Crane, Milbridge; Barbara Douglass, daughter of Mr. and Mrs. Dana Douglass, Bethel; Nancy Fox, daughter of Mr. and Mrs. Stanley Fox, Bethel; Ruth MacQuinn, daughter of Mr. and Mrs. Harold MacQuinn, Bar Harbor; and Christine Sanborn, daughter of Mr. and Mrs. H. Blaine Sanborn, Norway. Two girls will be substitutes: Betsy Crane, daughter of Mr. and Mrs. J. Burleigh Crane, Milbridge; and Sally Kinne, daughter of Mr. and Mrs. Harry C. Kinne, Jr., Hanover.

### Headmaster Attends Vermont Meeting

Headmaster and Mrs. Edmund J. Vachon were in Stowe, Vt., last week where Mr. Vachon addressed a meeting of Vermont Superintendents of Schools and of the State Department of Schools.

### Gridders Preparing for Tough Schedule

Coach Bob Scott and his assistants are preparing for one of the toughest Class C schedules in the state, which includes many championship contenders. Although there are 60 men on the squad many of them are new candidates, small and entirely inexperienced. There will be, however, nearly two full lines of lettermen. The big uncertainty, however, is in the backfield where only Jim Corriveau and Art Hammond have had much experience. It is going to be a problem to produce a backfield capable of competing.

ing against the type of opposition the Bethel eleven will be meeting this year.

At the present time the offensive team will be as follows: Ends, Paul Imhof and Les Stevens; tackles, Stuart Twitchell and Dale Stevens; Guards, Alan Twitchell and Charles Runnels; Center, Bob Amrein. In the backfield will probably be Mike Chretien, Jim Corriveau, Art Hammond and Gregg Howe. All eleven are lettermen with the exception of Chretien who comes up from the JV's.

Defensively it looks like this. The ends may be Jack Andrews and Matt Brooks with Kevin Wight and John Young at the tackle positions. Guards are Capt. Sam Bartholomew and Randy Chretien with Steve Bean at center. In the backfield could be Phil Burns, Dennis Wheeler, Al Chapman, and Corey Brown. Wheeler, Andrews and Bean are from last year's JV squad; Brown and Brooks, both seniors, are out for football for the first time. The rest are lettermen.

Amrein, Imhof, and Corriveau, from the offensive team are good defensive men and may go both ways. Don Young, who has as yet seen no contact work due to a skiing injury last year, may see duty either way in the backfield. Other men who may be of considerable help are Ray Atwood, George Nickerson, Joe Nichols, Al Swan and Ken Morse.

Others on the squad are Hugh Brown, Albert Buck, Brian Buck, Alan Burgess, Howard Chapman, Theron Clough, Dan Davis, Jim Davis, Don Dixon, Tom Fadner, Rolf Foxwell, Charles Jacobs, Bill Keoskie, Al Lovejoy, Dave Lowell, Jerry Nowlin, Richard Packard, Dick Paine, Dave Putnam, Robert Remington, Alex Runyon, Barry Salway, Jon Stowell, Dick Sweetser, Dave Thurston, Steve Trivard, Earl Tyler, Chris Finger, Paul Vachon, Lee Nail, Allan Walker, Mark Walker. The managers are Bob Swain, Joe Lord and Gregg Glines. Assistant Coach Scott are Joe Roderick, Paul Kiley and Bill Cousins.

### Cross Country

Coach Frank Vogt's cross country team will start its season in a triangular meet at Fryeburg on Sept. 26th. They have an eight meet schedule which includes the Western Maine Conference and State Meet.

The squad this year is composed of 15 men, three of whom are lettermen. Lettermen Capt. Tony Chapman, Bruce Lane, and Vaughn Damone can expect strong support from Andy Buck, John Lombard, Dave Carter and Ray Saunders. This

## WILDERNESS CLUB GOES DEEP SEA FISHING

The Western Maine Wilderness Club of Bethel went deep sea fishing Sunday out of Portland. About 100 pounds of fish were taken home. Members on the trip were: Billy Stowell, Chet Herriek, Jimmy Stone, Sonny Kimball, Lewis Smith, Terry Gordon; Secretary and Treasurer, Johnny Stowell; Vice President, Arthur Head; and President, Ronny Snyder.

should offset the loss of two strong runners, Dan Grover, and Steve Dock, who graduated last Spring. Other squad members are Jack Brooks, Bob Bartholomew, Paul Knight, Dave Kibbe, Boyd Lane, Steve Moore, Rodney Swain, and Warren Tibbets.

One promising fact is that there are no seniors on the squad and all will be back for another year. Managers are Phil Martin and Daryl March. Gould is defending Western Maine Conference champion this year.

## 39 HIGHWAY DEATHS ON MAINE ROADS IN AUGUST

The Maine Highway Safety Committee produced figures this week that showed nearly half of the drivers involved in August's record-making fatalities were from other states and provinces.

Executive Secretary Milton F. Huntington, in the committee's monthly report, stated that 18 non-residents were among 41 drivers involved in 39 fatalities. Motorists based at Maine military installations were involved in two of the month's three triple fatalities.

The committee launched a campaign in the middle of August designed to inform non-resident drivers of Maine's motor vehicle laws. Huntington said the program received acclaim throughout the Northeast and would be expanded in the spring of 1964.

The report showed that Maine Turnpike travel during June, July and August had increased by 77,234 over the corresponding months of 1962 with August increases amounting to 41,560.

Falling asleep at the wheel was given as the leading causative factor in August fatal accidents, contributing to the death of nine persons. Various degrees of excessive speed was reported as the causative factor in at least seven fatal accidents.

Other causes reported included: failure to keep reasonably

to the right, drinking and driving, inattention, failure to stop for a stop sign, failure to stop for a traffic light, pedestrian fault and a tire blowout.

The report stated that 17 drivers involved in fatal accidents were from 15-24, while the second largest group, numbering 11, were from 35 to 44 years of age. Drivers with prior convictions numbered eight.

While the number of fatalities and fatalities showed a decrease during the first seven months of the year as compared to the corresponding months of 1962, accidents were reported to be up 14.1 percent and personal injuries increased 12.7 percent.

Other figures showed that Maine's percent of change in traffic deaths during the first seven months of 1963 as compared to the corresponding seven months of 1962 placed the State in fifth place in the nation with a decrease in traffic deaths of 13 percent. Until August, Maine was bested in this category only by New Mexico, Delaware, Idaho and West Virginia.

In terms of deaths per 100 million vehicle miles, only six states showed a better record than Maine's 3.7. In comparing estimated annual number of deaths per 100,000 population, only nine states produced a better standing than Maine's 14.9.

### NEW ENGLAND COUNCIL TO REPORT FOLIAGE

The New England Council will begin a four week period of foliage reports Sept. 19.

John S. O'Brien, director of vacation travel development, said the peak foliage period is generally considered to be the last week in September and the first in October.

"Of course, weather conditions affect the timing and richness of color everywhere in the region," O'Brien said, "and many look upon autumn as one of the finest times to vacation in New England. Lodging accommodations are available during that period in the many foliage areas."

Through the cooperation of Northeast Airlines, the six-state Development Departments, The Berkshire Hill Conference, Associated Press, United Press International and NEC, key observers throughout the six-state region will provide up-to-the-minute foliage data.

The reports will be disseminated in newspapers and over radio and television. A visual display of foliage conditions will again be on exhibit at the New England Vacation Centers, Rockefeller Plaza, New York.
